Dear Examiner Graham:

In response to the Office Action of July 27, 2006, please amend the above-referenced patent application as set forth below. In the interview dated August 9, 2006, the Examiner guided that adding structural difference to the claims such as the structure of the net relative to the frame to distinguish them from Wong would be the best way to overcome the rejection. The amendment was prepared according to the guidance.

AMENDMENT

IN THE CLAIMS:

Please amend claims 1, 13 and 26 as described in the attached claim amendment.

Please add claim 27 and 28 as described in the attached claim amendment.

Please note that there are no changes in claims 3-12, 14 and 16-25.

No new matter was added in the amendment.
